## UNRULY

The creative spirit lives inside all of us and Unruly Collective is the space where it all comes together. Started by Hillary Mégroz and Charlie Pastore, Unruly is paving the way for individuals to create, collaborate, & cohabitate, while driving social change through innovative, immersive creativity.

At Unruly, we offer a range of opportunities for artists and patrons of art including:

### **CREATOR MEMBERSHIP**

This monthly membership program provides artists with full access to the Unruly brownstone, which includes studio space (private & shared), showroom (for displaying works, business development, & client networking), inclusion in Unruly gallery shows & events, business development, promotion on Unruly website & social nets, and opportunities to collaborate with fellow creators.

### **CREATOR RESIDENCY**

Unruly accepts 2-4 week residencies for individuals, which include lodging (private bedroom), solo gallery show/event, and all of the Creator Membership perks.

### **UNRULY GALLERY**

Unruly is redefining the traditional art gallery. We display art throughout the brownstone, allowing guests to interact with art like never before. In addition to shows, we also work with artists on permanent installations at Unruly. Please contact Unruly about our gallery opportunities if you are an artist, collector, buyer, or lover of art.

### **UNRULY EVENTS**

Unruly hosts a variety of monthly events including solo & group gallery shows, live music & DJs, classes, installations, dinners, and more! We are always looking for partners to co-host and collaborate on events, please contact Unruly for more information about hosting your next event at the brownstone.

### **UNRULY PRODUCTION, VISUAL, & PERFORMING ARTS**

Unruly is the perfect place for video & photography shoots- with lots of open & functional space, our light-filled brownstone is the perfect backdrop for all production needs. Additionally, we can accommodate visual and performing artists looking to produce and perform in a non-traditional theater setting. Please contact Unruly for more information about our production and performing opportunities.

**No matter how UNRULY your vision, we want to hear about it!**

**Please reach out to UNRULY with any & all creative endeavors, passion projects, & inspiring innovations.**
